

Production Info for Sound Work "Oh No! Divine Miko Koyori 2"

Tah-dah! The second sound work for Divine Miko Koyori is in production!

The content is that you and Koyori are lovers who have just started to date, and you've invited her to a two-day one-night camping trip.

This is an erotic ASMR production that surpasses our previous works, using Foley sound to reproduce the realistic sounds of the campsite's events.

For the scenario, we have "Asuki Kyubu," who is familiar with "Childhood Friend Foley," and, of course, for voice, we have "Haruru Akiyama," who currently performs the voice for Amamiya Koyori.

By all means, I hope you will enjoy this super-sweet lovey-dovey experience with Koyori!

Actually, this year marks the 10th anniversary of Poison's activities.

Along with the release of "Oh No! Divine Miko Koyori 2" and "Chris Survival," we'll be holding a campaign suitable for our 10th anniversary, so keep your hopes up for both of these products!(´ ▽ `)
