

Episode 2: The Demon's Intention #1

The clock had already struck 9.

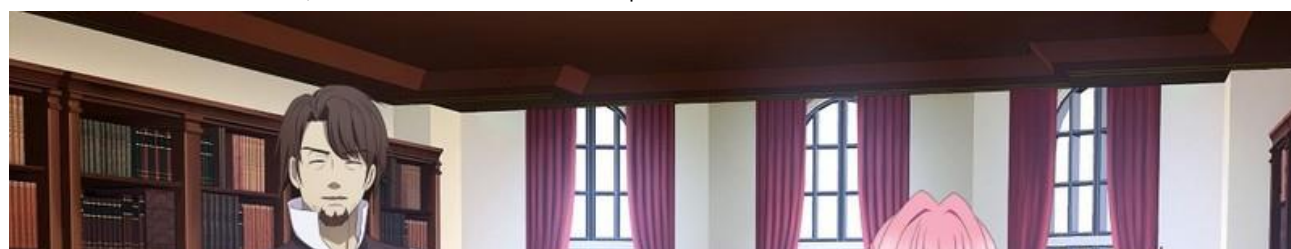

This is the beginning of episode 2. The trial version is scheduled to last until the end of episode 2.

When I arrive at work, I'm told to head to the president's office.

Ima looks fine, her expression bright.

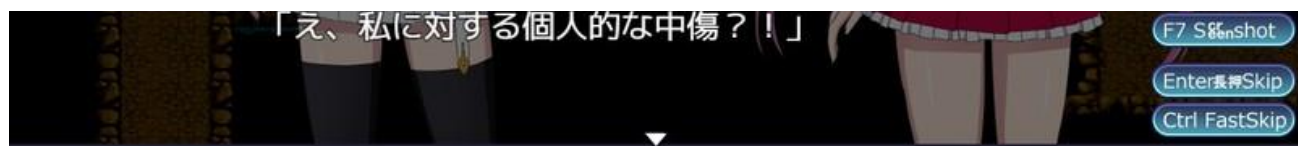

Ruta and her crew seem to have been arrested. The end, I guess?

Well then, today too, it's time to go on a Portal investigation.

Ima lives hiding the fact that she's a demon, yet feels guilty about deceiving everybody.

It's a trivial matter for Aster. He's in a similar situation.

Heading through the limestone cave... oh, again.

We defeat the Golem, and discover the Portal beyond. Go back to the office.

Ima leaves the report to Aster.

It seems she's in a hurry, as she overslept. Where could she be going?

Shortly after parting from Ima...

Wha-, what the hell!?

Aster is imprisoned. She's molested by a perverted guard.

Aster "You do something weird, and I'll END you~!"

And with that, we finish here for today.

What could possibly befall Aster next time!? (° ▽ °)
