

Notice of Plan Contents and Benefit Changes

Thank you for your constant, warm support towards Circle Poison.

Regarding the benefits of each plan, as there are some benefits that have not been fulfilled, as well as some plans that haven't been able to offer satisfactory benefits, from February 1st, the benefits of each plan will be changed as follows.

Abolition of the Support Plan (300 Yen Plan)

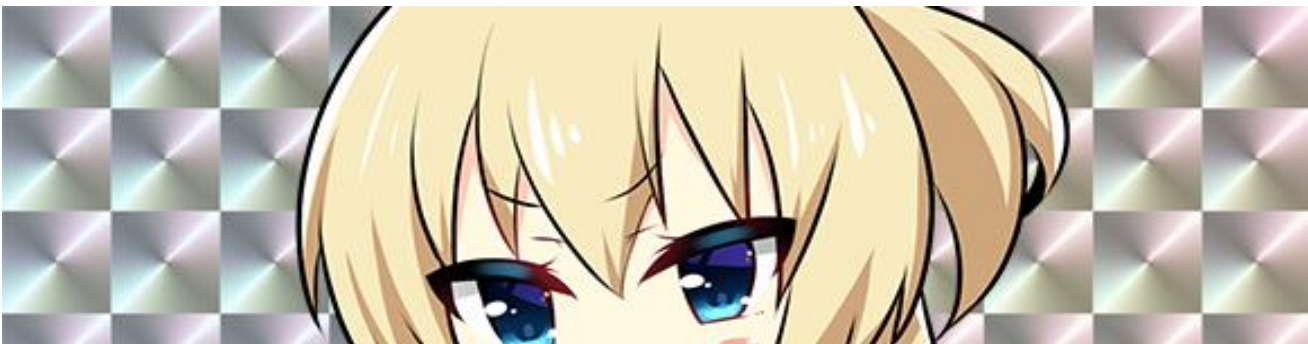

At present, it's difficult to differentiate between this and others, and it's sort of a half-baked plan, so from January 31st, we will be ending the 300 Yen Plan.

Free Plan (Free)

- You can get Poison's latest information as soon as possible.
- You can enjoy recently-made sample CGs and trial versions.
- You can view special illustrations, such as Valentine's and Christmas illustrations (Irregularly).
- When a new product is released, you can receive special items that can be used in said game.

New Support Plan (500 Yen)

- You can receive all of the benefits of the Free Plan.
(You can play trial versions a little faster than with the Free Plan.)
- You can enjoy "Divine Miko Koyori" which is updated every month on Ci-en.
- You can view new sample erotic CGs when they are released, including differences.
- When a new product is released, you can receive special items, limited to paid plans, that can be used in said game.

New Support Plan+ (1,000 Yen)

- You can receive all of the benefits of the [New Support Plan](#).
- Your name will be displayed in the credits of newly released games (for those who wish.)
- You can listen to '1 Work' in full, on a monthly basis, from the sound works on sale.
- We will release about 4 unreleased HCGs per month for use in the game we are creating.

Basically, the benefits of the previous Support Plan (300 Yen) have been merged with the Free Plan.

For other plans, it seems that the benefits have modestly increased.

Regarding gifts of novelty goods, considering that it's difficult to mail them to overseas supporters, and that addresses were unable to be found quite often in the past, I would like to unify sales using BOOTH and Comiket spot sales.

Anyhow, all of this is a fairly humble thanks, but we'd like to give something back in the form of a new work, for all of your support.

We look forward to your continued support of Circle Poison.
