And before she knew it, she had begun to desire sex in order to achieve orgasm, and as a result, the man began making various demands on her to change into the way he wanted her, such as getting a flashy makeup, piercings, and dyeing her hair, and as she complied with her demands, he gave her more pleasure with more extreme play and tools, and she even began to enjoy the change in himself...

- She lies and says that her hairdresser recommended that she dye her hair.
- She tricks her husband and friends and goes on a 3-day, 2-night sex trip, where she learns to squirt and orgasm, and becomes addicted.
- She is offered to take him on another trip if she gets a tattoo, and she refuses, but her feelings are wavering.

And... her increasingly flashy appearance led her to go out more frequently, often to the point of being late to pick up her daughter. As a result, conflicts with her husband increased. Sideguy suggested that she use her honed sex techniques to satisfy her husband, and he would no longer complain. She did so, but her feelings for him quickly cooled as he was unable to satisfy even her own wife with his immature sex due to his small penis...

Kyahaha☆
I'm not satisfied with
my small-dick husband,
so I've made my AV debut
in secret and am having sex
at home with an actor
whose name
I don't even know♥

As a result of her feelings for husband
cooling down, shaved her pubic hair,
got tattoos, and even got a breast
augmentation, something she had
previously refused, and started
prostitution, dressed in obscene
bodycon outfits. She even readily
agreed to appear in an adult video,
and filmed it at home.
It was as if had let go of inhibitions,
and in both appearance and behavior
she transformed into a flashy slutty
gal with only sex on her mind...

When she had free time after husband went to work, she would bring men over and her house became a love hotel.

As she lived this wild life, she got bigger tattoos, learned to smoke, and became more and more of a bitch gal.

Hah hah...
It's like a dream to have sex with you!
But...do I really not have to pay?

A few months later... As she continues to appear in AVs and prostitute herself more than ever before, her relationship with dangerous people naturally deepens, and she eventually becomes addicted to the love potion, and in order to earn money for the potion, she goes on to prostitute herself, perform perverted shows for people in that line of work, and become a sex companion, becoming a complete a flashy slutty gal bitch...
